BITS Edu Campus, was established in 2004 by Shree Krishna Educational Charitable Trust Vadodara with the mission to impart world-class professional education in the fields of Engineering & Technology, Pharmacy, Physiotherapy and Ayurveda (proposed). The Institute also offers PG courses in Engineering and Pharmacy. All the courses in Engineering and Pharmacy are approved by All India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI) with affiliation to Gujarat Technological University (GTU). There is also UG courses in Physiotherapy (affiliated to SGGU).

The success of our journey is backed by excellent results year after year. Year 2017 witnessed many Top Rankers (Out of Top Ten University Ranks) from Technology, Pharmacy and Physiotherapy.

Today with the advent of globalization and opening up of Indian economy with the concept of "Make in India", competition among industries have become tough. To solve their technical challenges they look up to Engineering Institutes. There is an urgent need to prepare engineering students for jobs in Multinational Companies. These objectives can only be achieved well by bridging the gap between Industry and Institute. Here comes the role of **Industry Institute Interface Cell (IIIC)**.
